Carl -

Portland sounds fine to me, but I'm still waiting to hear whether EPA is going to have one of their folks available to attend this with me. Having an EPA person along is a necessity so that's the controlling factor right now. I think Eric was trying to find someone.

Bruce -

LWG folks were wondering if we could change the location for our modeling meeting on June 27th to Portland (instead of Olympia). Also, could we possibly start later and make it a half day (say 1 to 4 pm) so that we can accommodate another unrelated LWG meeting in the morning?

Please let me know as soon as you can. Thanks.

Carl

Carl,

I'm trying to coordinate having an EPA person also attend this meeting, as I probably shouldn't be the only gov't person there. I'll let you know if I can do this and still keep the June 27 date or whether we'll have to try for a later date.

Bruce

Bruce –

The best date for LWG folks is Tuesday June 27 at 10 am at Integral's Olympia office. Hopefully, that still works for you. Let me know if it does not.

Thanks.

Carl
